HOBBY LOBBY®

TAG TEAM

Give your gift bags and boxes an eye-catching final touch: gem-embellished tags! We have a variety of blank tags to choose from, so all you have to do is layer on papercrafting must-haves like rhinestone stickers, washi tape and ribbon.

RISE & SHINE

Gemstones can turn your paper projects into statement-makers!
Pennant: Layered cardstock cutouts and rosette embellished with rhinestone stickers. **Shaker:** Rhinestones, sequins and enamel dots sandwiched between scrapbook paper and clear paper.

CUT A BUG

A preserved insect display without actual bugs? Make it happen with gem-covered paper! Use a cutting machine to create the various layers, and assemble the pieces with adhesive foam dots to add dimension. Then embellish with gemstone and rhinestone stickers.

WITH THIS BLING ▶

Gemstones + paper pretties = a display for love's biggest day! To replicate our look, start with a sheet of shiplap scrapbook paper. Then layer on cardstock cutouts, paper flowers and rhinestones galore. P.S. The swirly rhinestone designs are readymade stickers!

PARTY TIME ▼

Many of these 3D birthday stickers, including the cake, come just like you see them. But if you find a sticker that's a little light on the bling, not to worry! Just place self-adhesive gemstones right on top for some extra sparkle and shine.

ON THE COVER: We made these rhinestone- and sequin-filled shakers from cardstock and transparency paper. Cut, assemble and fill the letters, then embellish with more gems and paper flowers.

DREAM UP

Rhinestone stickers are a quick way to brighten up your daily planner, your journal or even your favorite pen. And they're not just round—they come in 3D shapes like butterflies, flowers, lemons and lots more!

Tip: For a stronger hold, super glue or hot glue the stickers in place.

CROWNING ACHIEVEMENTS

Gemstone stickers are an easy way to enhance everything from artwork to craft projects. **Crown:** Cardstock coral, seashells and starfish (cut with a cutting machine), embellished with iridescent bubble stickers and secured with floral wire. **Mermaid:** Painting on wood tray, embellished with rainbow rhinestones.

BAG IT

The iridescent embellishments on these gift containers include handmade origami jewels (topped with self-adhesive) gemstones surrounded by geometric rhinestone stickers. You can take the lustrous look a step further with glitter cardstock and mylar tissue paper.

PRESENT PERFECT

We cut, folded and glued sheets of geode and glittered scrapbook paper to create both the oversized origami gemstone embellishments (on the bag) and the mini toppers (on the round gift box).
