**HOBBY LOBBY®**

### On the Cover:

Romance and roses go hand-in-hand—so dreamy ivory, mauve and red rose mini bouquets were the perfect way to get this elegant look off the ground. Blush berry stems and light pink astilbe seed bushes, accented with a variety of pastel florals, help to soften the aesthetic. Here's how to create your own:

## Prairie Tale

Capture a freshly-gathered aesthetic with a hand-crafted bouquet made from pink rose & peony, baby's breath and lavender mini bouquets. Variety is key, so we added white blossom bushes, yellow Queen Anne's lace and blue billy button to inspire a sense of pastoral romance.

**Products:** Purple Lavender Bouquet, Baby's Breath, Soft Pink Rose & Peony Bouquet

## Make a Statement

The dark reds and deep greens of a eucalyptus, rose & ranunculus mini bouquet bring instant drama to this chic bouquet. Dial up the moody color palette by accentuating the look with florals in sunset tones—think blush cosmos, peach ranunculus and plum roses.

## *Grow for It*

The secret to this cascading rose and peony bouquet is in making the florals look naturally overgrown. A trailing lotus bush (cut apart and arranged organically beneath the flowers) forms a waterfall of greenery, and lush white gypsophila is dotted throughout.

**Product:** Soft Pink Rose & Peony Bouquet

## *Dream in Color*

An eclectic mini bouquet of burgundy, white and navy blooms is a great starting point for combining unexpected floral pairings in sophisticated ways. We added a contrasting array of bright single stems, sprinkled with unruly sprays of orchids and ranunculus.

**Product:** Burgundy, White & Navy Bouquet

## *Leaf Me Breathless*

When green is the goal, a gardenia & eucalyptus mini bouquet is our go-to. Creating a natural, flowing look is as simple as adding more greenery—we surrounded the gardenias with clippings from a eucalyptus garland and mini eucalyptus sprays.

**Product:** Gardenia & Eucalyptus Bouquet

## Garden Glam

The understated elegance of this white-on-white bridal bouquet began with a mini bouquet of white peonies and lamb's ear. Pearl and feather picks, scattered among cream cosmos and white anemones, gives it a feminine touch. Accent them with lavender for a hint of muted color.

**Product:** White Peony Bouquet

## ***Boho Beauty***

The warm, earthy tones of a blush desert mini bouquet blend seamlessly into this boho-inspired bridal bouquet. The neutral look is all about incorporating an eclectic mix of textures—try maton and lagurus grasses, cream ranunculus and white vachellia.
