TOTES ADORABLE!

This quilted tote bag (with matching coin purse!) features patchwork squares made from three different types of fabric—calico, apparel and cotton. Mix and match patterns for a one-of-a-kind look!

BUBBLE UP

Made out of individually cut, stuffed and sewn-together squares, this bubble quilt (aka puff quilt) is a goto project for when you need to use up those leftover fabric scraps!

PEACE, LOVE, PILLOWS!

Easily adhere fabric shapes to quilted pillow covers with heat-activated fusible web—no sewing required! Just add the fusible web to the back of the fabric, iron it on, and embroider details as desired.
